Stay home, stay safe, stay virtually connected and learn

ORCHIDS comprise the largest family of flowering plants with 25,000 to 35,000 species belonging to 600-800 genera and covers 6.8% of the flowering plants in India.. They are prized for their incredible diversity in the size, shape, forms and colour and attractiveness of their flowers and high keeping qualities even up to 10 weeks. Indian species of *Aerides*, *Bulbophyllum*, *Calanthe*, *Coelogyne*, *Cymbidium*, *Dendrobium*, *Paphiopedilum*, *Rhyncostylis*, *Renanthera* and *Vanda* are used as breeding materials as well as pot plants. They are adapted to diversified climate grown both epiphytically and terrestrially. Orchids respond organically with locally available potting mixtures. The orchids have taken a significant position in cut flower industry due to its attractiveness, long shelf life, high productivity, right season of bloom, easy in packing and transportation. Validation of Orchid cultivation and effective implementation is necessary for improvement of farmers' livelihood in Tripura. So, an attempt has been taken to bring the scientists working in Tripura to discuss the cultivation process, its impacts and latest development in management strategies so that the same may be transferred to the fields of the farmers by the extension functionaries.

NOTES:

- Webinar is open to all
- Registration is free
- Last date of Registration is 9th July, 2021 up to 11:55pm. IST
- All registered participants are requested to join the Whats App group during registration.
- E-certificate will be provided to all registered participants subject to submission of feedback form after active participation in the webinar.
- E-certificate will be mailed within 7 days.
- The feedback link will be opened at chat boxes and WhatsApp groups just before the end of technical session and link will be closed at 11:55pm. IST
- Do write your questions only in the chat boxes of both YouTube and Facebook Live Streaming
- Do not write unnecessary messages in the chat box

PLATFORMS

Registration link:

<https://forms.gle/r6BhkRpMbrRK3P2K9>

YouTube link: <https://youtu.be/K6K5QuyAQBo>

Facebook link:

<https://www.facebook.com/rtmbishalgarh2012/>

Participants

Interested Farmers, Extension workers, Students, Researchers, Scientists, Faculty Members are requested to pre-register for participating in the National Webinar using link provided.

Resource Persons:

Dr. Biswajit Das, Principal Scientist
ICAR-Tripura Centre, Lembucherra
Topic: "Potential of Orchid cultivation for higher income"

Ms Poulami Saha,
Research Officer, NTFP Centre of Excellence
Department of Forest, Government of Tripura,
Salbagana, Agartala,
Topic: "Orchid Cultivation: Good Agricultural Practices of Commercial Orchids"

Chief Guest

Sri N. C. Sharma
Director, Higher Education,
Government of Tripura

Guest of Honour

Sri Anjan Sengupta
Senior Scientific Officer,
Directorate of Biotechnology,
Govt. of Tripura

Organizing Committee

Chairperson

Dr. Chitra Paul
Principal-in-Charge, RTM, Bishalgarh

ORGANIZING SECRETARY

Dr. Anupam Guha,
Associate Professor, Dept. of Botany, RTM, Bishalgarh

JOINT ORGANIZING SECRETARIE

Sri Probal Kumar Chowdhury,
Assistant Professor, Dept. of Botany, GDC, Dharmanagar

MEMBERS

Dr. Sumit Sarkar, DBT, Govt. of Tripura.
Mrs. Anita Roy, RTM, Bishalgarh
Dr. Barnali Dey, MBBC, Agartala
Sri Abhijit Bhattacharjee, SVM, Mohanpur
Dr. Anirban Bhattacharya, ICVC, Belonia
Dr. Abhijit Datta, AC, Fatokroy
Dr. Saswati Chakraborti, RTC, Agartala
Dr. Dipanwita Chawdhuri Sil, HCC, Agartala
Dr. Somnath Kar, HCC, Agartala
Sri Prasenjit Debberma, NSM, Udaipur
